

German-Japanese Offshore Wind Energy Symposium

20 May 2025 Tokyo

Join us for an engaging symposium where German companies in the Offshore Wind Energy sector will showcase their innovative solutions, products and services. Experts from both Japan and Germany will delve into the latest trends and advancements shaping the Offshore Wind Industry landscape in their respective countries.

This event aims to foster collaboration and knowledge exchange between Japanese and German business professionals, creating invaluable networking opportunities in the energy efficiency sector. Organized under the auspices of the German Energy Solutions, this symposium invites institutions and companies dedicated to Offshore Wind technologies.
